

QA Level 3 Award in

Paediatric First Aid (RQF)

2 day course

Certificate valid for 3 years

Ofqual regulated

Be Prepared

Would you know what to do if a child in your care needed first aid?

The Early Years Foundation Stage (EYFS) Statutory Framework requires all early years providers in England to have at least one person who has a current and full paediatric first aid certificate on the premises and available at all times when children are present. Providers should also take into account the number of children, staff and layout of the premises and increase their paediatric first aid provision accordingly to ensure that a paediatric first aider is available to respond to emergencies quickly.

The QA Level 3 Award in Paediatric First Aid (RQF) has been specifically designed to meet the criteria set by the Department for Education's EYFS Framework and is ideal for:

- Those who have gained a level 2 and/or level 3 childcare qualification and have entered into an early years setting and wish to be included in the staff to child ratios to comply with EYFS requirements.
- Registered childminders and assistants who are required to hold a current and full paediatric first aid certificate in order to comply with the EYFS requirements.
- Anyone who has a non-professional involvement with infants and children, such as parents, grandparents and want to learn key paediatric first aid skills.

Successful candidates will learn the roles and responsibilities of the paediatric first aider, and will be equipped with the necessary skills to administer safe and effective treatment when dealing with a range of paediatric first aid situations.

Newly qualified entrants to an early years setting who have completed a level 2 and/or level 3 qualification on or after 30th June 2016, must also have either a full paediatric first aid or an emergency paediatric first aid certificate within three months of starting work.

What's Covered?

- The roles and responsibilities of a paediatric first aider
- Assessing an emergency situation
- Dealing with an unresponsive infant or child
- Recovery Position
- CPR and AED
- Choking
- Head, neck and back injuries
- Fractures
- Anaphylaxis and allergic reactions

Is your Workplace Prepared?

Did you know that an estimated 609,000 workers in Britain sustained an injury at work in 2016/17?

The Health and Safety (First Aid) Regulations 1981 require all employers to make arrangements to ensure their employees receive immediate attention if they are injured or taken ill at work. This includes carrying out a risk assessment, appointing a suitable amount of first aiders and providing appropriate first aid training. However, having the correct first aid provision in the workplace is not just a legal requirement, it is incredibly important for the safety of all members of staff!

The QA Level 3 Award in Emergency First Aid at Work (RQF) qualification is designed for individuals who wish to act as an emergency first aider in their workplace. Upon successful completion of this qualification, candidates will be equipped with the essential skills needed to give safe, prompt and effective first aid in emergency situations.

What's more, as a regulated qualification, employers can book this course for their employees and rest assured that they have fulfilled their legal responsibilities for providing quality first aid training, without having to undertake any lengthy due diligence checks.

What's Covered?

- The roles and responsibilities of an emergency first aider
- Assessing an incident
- Managing an unresponsive casualty
- CPR and defibrillation
- Recovery Position
- Choking
- Seizures
- Shock
- Wounds and bleeding
- Minor injuries
 - Cuts, grazes and bruises
 - Minor burns and scalds
